Dear Hiring Manager,

I am writing to express my interest in the Full Stack Developer position. With a strong background in software development, data integration, and problem-solving, I am confident in my ability to contribute effectively to your team.

In my academic and professional journey, I have gained hands-on experience in programming languages such as Python, Java, and C#, along with extensive knowledge of SQL databases like MS SQL and MySQL. I have successfully developed web and mobile applications using frameworks such as ASP.NET Core MVC, Spring Boot, and Flutter. These projects showcased my ability to integrate real-time search, booking management, and secure user authentication, emphasizing my commitment to delivering functional, user-centric solutions.

Additionally, I led the development of Tech Barter, a web and mobile app designed for buying, selling, and recycling tech parts. This experience not only strengthened my technical expertise but also enhanced my ability to collaborate with cross-functional teams and manage project timelines effectively.

Key Strengths I Offer: Precision & Quality: Dedicated to writing clean, maintainable code with a strong focus on delivering flawless user experiences.

- **Proficiency in Object-Oriented Programming:** Skilled in Python, Java, and C#, with a focus on writing clean, maintainable code.
- **Database Expertise:** Experienced in designing and maintaining SQL databases, ensuring optimized data flow and functionality.
- **Version Control & Collaboration:** Well-versed in Git for streamlined code management in collaborative environments.
- **Adaptability & Problem-Solving:** Adept at troubleshooting issues, identifying root causes, and implementing effective solutions.

I am enthusiastic about joining Computershare's team and contributing to innovative solutions in the financial services industry. I am legally eligible to work in Canada and eager to support your ongoing success.

Thank you for considering my application. I would love to discuss how my skills and expertise can align with this role. Please feel free to contact me at **+1(647) 829-9080** or via email at nishitasachdev95@gmail.com.

I look forward to the opportunity to interview and further demonstrate how I can support your team.

Respectfully,
Nishita Sachdev
